Vermont Unclaimed Property Reporting Manual

INTRODUCTION

The Unclaimed Property Division of the State of Vermont Treasurer Office practices a vital consumer-protection role as custodian of abandoned or lost assets.

Designed to successfully reunite owners with lost or abandoned assets, unclaimed property programs exist throughout the United States and in Puerto Rico, the U.S. Virgin Islands as well as three Canadian Provinces: Quebec, British Columbia, and Alberta. The concept stems from feudal England, where it pertained primarily to lands. Today it excludes real estate and covers various types of monetary assets:

- savings or checking accounts
- stocks
- uncashed dividends
- payroll checks
- refunds
- traveler's checks
- trust distributions
- unredeemed money orders (and/or gift certificates in some states)
- insurance payments or refunds
- life insurance policies
- annuities
- certificates of deposit
- customer overpayments
- utility security deposits
- mineral royalty payments
- safe deposit box contents

The Revised Uniform Unclaimed Property Act (RUUPA) is the latest revision to the Uniform Unclaimed Property Act, first promulgated in 1954 and last updated in 1995. The act requires holders of unclaimed property to turn it over to the state unclaimed property administrator after a suitable dormancy period so the administrator can attempt to reunite the property with its rightful owner. RUUPA updates numerous provisions and addresses, life insurance benefits, securities, dormancy periods, and use of contract auditors.

Vermont Unclaimed Property Reporting Manual

Vermont's [unclaimed property statutes](#) require entities with abandoned assets on their balance sheets to report such items to the Unclaimed Property Division of the State of Vermont Treasurer Office. Use this manual as a guide for report preparations. The law excludes land, real estate and – except for bank-held safe deposit box contents – other tangible property.

Amounts to Report

No amount can be written off to income or surplus; there are no de minimis amounts. ALL amounts must be reported, even a penny. In addition, the following scenarios do not eliminate the requirement to report property to the State of Vermont:

- Internal activities: e.g., service charges, interest credits, dividends, automatic dividend reinvestment and automatic withdrawals
- Automatic deposits: from one dormant account into another dormant account (e.g., transfer of interest from a time account to a dormant savings account)
- The “Void after XXX days” shown on the face of check: although the business considers a check invalid after a specified time period, the underlying obligation remains and, those funds, once having reached their dormancy thresholds, must be reported

The Role of Holders

Reporting owner details accurately in prescribed formats enables holders to play an integral role in helping states reunite abandoned assets with their rightful owners. Besides assisting states in maintaining the integrity of owner data, holders show a commitment to Corporate Social Responsibility components.

The Unclaimed Property Division of the State of Vermont Treasurer Office reviews all reports for accuracy before adding the items to the owner database used to process and pay property claims. Your efforts in helping protect consumer property and comply with Vermont State Unclaimed Property Statutes are appreciated.

Holder Reporting Responsibilities

- Maintain unclaimed items intact until remitted to Unclaimed Property Division.
- Make a diligent effort to locate owners.
- Report yearly and accurately.
- Retain records for 10 years after filing report.
- File safe box reports “separately” from yearly financial reports.

Submit reports directly to the State of Vermont Unclaimed Property Division through either the Vermont Holder Reporting Website (Preferred method), <https://vermontholder.unclaimedproperty.com/>, UPEXchange (if already a client) or UPEXpress (if you created your file using HRSPRO or some other application). UPEXpress is free to use. *

[Vermont Holder Reporting Website](#)

Vermont Unclaimed Property Reporting Manual

[Vermont's Holder Reporting Website](#) is a Vermont dedicated website that is supported by Avenu Insights & Analytics and is the State's preferred method of reporting. A Holder Website User's Manual and a Holder Manual and Codes are tools to help holder navigate the website to complete NAUPA reporting compliance. A hard copy of the Report Cover Sheet is still required when submitted via the Vermont Holder Reporting Website. You can reach our site here: <https://vermontholder.unclaimedproperty.com/>

UPExchange and UPEnterprise - created and supported by [Eagle Technology Management, Inc.](#) - are web-based tools for managing and reporting unclaimed property according to NAUPA standards. They can be accessed online from anywhere and allow holders to grant access to other stakeholders for efficient collaboration.

A User Guide, interactive tutorials, pre-recorded videos on the system capabilities, a four-minute overview of its optional models, FAQs and training webinars are available. ETM also offers complete, ongoing product support by e-mail (uphelp@eagletm.com) and phone (319.739.3557).

*When submitting reports via UPEXpress or UPEXchange, hard copies of the report are no longer required to be submitted; however, a hard copy of the affidavit cover sheet must be sent with the remittance and/or confirmation page.

Errors, Disk Problems

Using an outdated version of HRS Pro causes problems: holders must use the most recent version of the software. HRS Pro automatically transfers info from the outdated system into the new version. Remember: make sure report totals from the outdated HRS Pro software match those in the updated reporting software.

NAUPA File Encryption Utility

To create the HRS Pro Digital Envelope (HDE extension files) when using software other than HRS Pro, use the [NAUPA File Encryption Utility available](#) from the Wagers Web site.

Vermont Unclaimed Property Reporting Manual

PROPERTY CODES & TYPES

Property is deemed unclaimed after being held for an extended period with no documented owner contact and after making unsuccessful efforts to locate the owner(s). Abandoned – or unclaimed – property typically is divided into two categories:

Intangible

Wages	Stocks
Account Credits	Dividend Payments
Uncashed Checks	Interest
Utility Deposits	Bonds
Patient Refunds	
Insurance Proceeds	

Tangible

- Jewelry
- Coins
- Personal Papers
- Safe Deposit Box Contents

Vermont Statute: Definition of Unclaimed – Abandoned – Property

Unclaimed or abandoned property consists of intangible (e.g., accounts payable, uncashed checks, etc.) and tangible (e.g., safe deposit box contents) personal assets owed to an individual or business.

See [Table 1](#) for a list of NAUPA property codes.

Escheatment of Property: Jurisdiction to Escheat

The primary right to escheat intangible personal property belongs to the state of the last known address of owner contained in holder records.

When/if no last known address is shown in holder records, the property is escheatable by the state of holder's domicile.

NOTE: lack of an address does not relieve holder of the obligation to report and remit unclaimed property.

Vermont Unclaimed Property Reporting Manual

HOLDER TYPES

As stated: holders play an integral role in helping states return abandoned assets to their rightful owners and demonstrate a commitment to CSR ethics.

Who and/or What is a Holder?

Vermont state statutes (Title 27-Property/Chapter 18: Unclaimed) define holder as:

(6) "Holder" means a person obligated to hold for the account of, or deliver or pay to, the owner property that is subject to this chapter.

The UPPO (Unclaimed Property Professionals Organization) [defines a holder](#) as:

"The business or other entity, which holds inactive property, that is payable or distributable to another."

And NAUPA (National Association of Unclaimed Property Administrators) [defines it](#) as:

"An entity ... in possession of property belonging to another, or ... indebted to another on an obligation."

National Association of Unclaimed Property Administrators

Definitions

- **Holder**: An entity who is in possession of property belonging to another, or is indebted to another on an obligation.
- **Owner**: Person who has a legal right or equitable interest in the unclaimed property.
- **Due Diligence**: The use of reasonable and prudent methods under particular circumstances to locate apparent owners of inactive accounts.

REPORTING STEPS

Follow these nine steps to complete a holder unclaimed property report:

- 1.** [Review the Unclaimed Property Law.](#)
Determine which sections apply to your organization and/or situation.
- 2.** [Review Financial Books and Records.](#)
Using Vermont state statutes, determine the property types to be examined and their associated dormancy periods. Review books and records to locate properties subject to reporting. **NOTE:** all amounts must be reported.
- 3.** [Perform Due Diligence.](#)
Due diligence must be completed – “not more than 120 days [and no less than] 60 days” - prior to remitting any funds to the State of Vermont, except when the property value is less than \$50. Review the [statutory requirements of the Unclaimed Property Law concerning due diligence timing](#), account value and affidavit signing.
- 4.** [Calculate Quantity of Items to be Reported.](#)
Report format options correlate to the number of items reported. Important considerations in determining this number are: multiple owner accounts, aggregation and account roll-up. Each of these is described in detail in Report Detail Considerations.
- 5.** [Select Report Format.](#)
Based on the number of items and allowable parameters, choose a format for reporting to the state. **NOTE:** an electronic NAUPA format is preferable whenever possible and is mandatory when reporting more than 10 items.
- 6.** [Enter Data.](#)
Provide all owner and account information in manual or electronic format.
- 7.** [Update Report as Required.](#)
Routinely and continually update the report based on account activity – noting the specifics, e.g., customer contact, re-activation – until it is finalized.
- 8.** [Finalize Report.](#)
After completing all account adjustments, recalculate the amount being remitted within property type and in total.
- 9.** [Remit Cash/Securities.](#)
Arrange appropriate delivery (USPS, Express or Electronic mail) based on types of property and remittances due.

Vermont Unclaimed Property Reporting Manual

Reporting Steps in Detail

The Law – Unclaimed Property law varies by state; [§1247 Chapter18, V.S.A. Title 27](#) covers it in Vermont.

Financial Books & Records Reviews – Common types of unclaimed property include uncashed payroll or dividend checks, which create a property right protected by state unclaimed property laws. The [Journal of Accountancy](#) and other resources provide insights for identifying these liabilities on company balance sheets.

Last Transaction/Activity Date and Customer Contact

Determine dormancy from the date of last account contact or activity, e.g., bank deposit by customer. Customer contact restarts dormancy clock and can be an owner-generated activity on a dormant account, e.g., written correspondence regarding the account from the customer.

Phone calls are considered customer contact. When speaking with a client, document the following information:

- A. Name of client and person taking the call.
- B. Date and time of call.
- C. Details of subject account.

The absence of customer contact is the criterion upon which property is designated unclaimed. Customer response to due-diligence mailings eliminates the requirement to report their property – at least for another one to three years (based on property type) from the date of their responses (or the date of the last account activity).

The last activity date can be the date

- of the last account deposit or withdrawal by the owner.
- when dividends became payable.
- of issuance of the check or draft.
- when property became distributable to the owner.
- of mandatory withdrawal.

When the property in question is an instrument payable on demand, use the issuance date. The check reissue date or date of a computer conversion **cannot be** considered the last activity date.

Reporting Requirements by Property Type

This [document contains descriptions](#) of reporting requirements by the property type.

Due Diligence – Due diligence is the responsibility of the holder. Holders must take reasonable measures to locate owners of apparently abandoned property before filing a report.

State [statute §1247 \(e\) Chapter18, Title 27](#) obligates holders to attempt communications with owners before presuming property is abandoned when all the following apply:

Vermont Unclaimed Property Reporting Manual

- holder records contain an accurate address for the owner(s);
- the claim of the apparent owner is not barred by the statutes of limitation;
- property value is at least \$50.

Holders must send written notification to owners advising them that their property will be escheated to the Unclaimed Property Division of the State of Vermont Treasurer Office. This is to be done at no cost to the owner – and no more than 180 days or less than 60 days – prior to filing a report.

Due Diligence Results

Property Deemed Unclaimed or Abandoned.

Due diligence letter returned as undeliverable.
No response from the owner of the property.

Property **NOT** Deemed Unclaimed or Abandoned.

Owners send written reply indicating their intentions for the handling of their funds.

Affidavit of Due Diligence

Statute 27 §1247(h) stipulates the Affidavit of Due Diligence must be included for every report. Submit the affidavit (if/when applicable) with signature authority as follows:

Public Corporation - a designated employee or representative from third-party preparer must sign

Privately Held Corporation or Association - an officer must sign

Partnership - a partner must sign

Holders must ensure:

- the affidavit section listed on the Annual Compliance Report Cover Sheet is completed and signed by the proper person;
- the report cover sheet is signed by an officer or a designated representative to protect against liability on claims for reported property.

An officer (or designated staff) of the reporting entity must:

- Complete the affidavit section
- Sign the Annual Compliance Report Cover Sheet where indicated
- Have his/her signature notarized
- Ensure *Compliance Report Cover Sheet* is included with reporting package

[Schedule A](#) and [Schedule B](#)

Holders with no property to report can file a Negative Report; in Vermont, a negative report is not mandatory but suggested.

AGGREGATE AMOUNTS

Vermont statute 27 §1247(b)(3) indicates owner and/or property information for items of \$25 or less may be omitted from the report. Instead, aggregate and identify items as shown below (see page 13 for HRS Pro aggregate example).

- Total individual items of \$25 or less into one aggregate amount based on property type.
- Enter the total number of accounts comprising the aggregate total in Section 3A of the Compliance Report Cover Sheet.
- Sum, prior to aggregating, multiple properties of the same type (e.g., quarterly dividend checks) valued at \$25 or less – *and payable in the same year* – belonging to the same owner.
 - ✓ When the sum is \$25 or less, include the multiple amounts in one aggregate record.
 - ✓ If the sum is greater than \$25, exclude these from aggregate reporting.
 - Report them as a single item.
 - Use the property information from the most recent activity date.
 - Record the sum as the escheated value.

DO NOT AGGREGATE RECORDS CONTAINING UNCLAIMED SECURITIES AND THOSE WITH OWNERS' ADDRESSES OUTSIDE THE STATE OF VERMONT.

LAST NAME OF OWNER Use the word "Aggregate".

PROPERTY TYPE Use the code ending in "99" (e.g., CK99) from the appropriate property type (see Property Type Table).

ESCHEATED AMOUNT Enter the total of the aggregated sum for the property type reported.

NUMBER OF ACCOUNTS List cumulative number of individual accounts comprising the aggregate total.

NEGATIVE REPORTS

Vermont Unclaimed Property Statutes do not mandate the filing of negative reports; however, the state encourages businesses and other entities to file this report with the State Office of the Treasurer.

A “negative report” indicates to the state that a thorough review of the holder business books and records has been completed and revealed no unclaimed properties. The Vermont Office of the Treasurer suggests filing a negative report to show adherence to compliance laws and to assist it in maintaining accurate internal files.

To File a Negative Report

Use the Unclaimed Property Annual Compliance Report Cover Sheet.

- Enter zeros for all total lines in Section 3; be sure to indicate zero in the Safe Deposit Box Details area.
- Enter the name for the Due Diligence affidavit.
- Make sure an authorized agent of the reporting organization signs the report in front of a notary.

NOTE:

Submit negative reports separately from yearly reportable financial property; do not combine the reports.

RECIPROCAL REPORTING

Reciprocity provides holders an opportunity to file unclaimed property reports for multiple states through one agent state. "Agent State" is that of the holder place of business.

Except for safe deposit boxes, the State of Vermont accepts property for other states and countries under the reciprocal agreements as an agent state. **Safe deposit boxes must be reported to the state in which they are located.**

Reciprocal reporting is not a requirement. Each holder decides to which state it will report.

When/if taking advantage of reciprocal reporting:

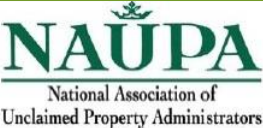

- Report and remit in accordance with each state's Unclaimed Property Law.
- Identify and subtotal all accounts – and aggregate accounts – by state.
- Do not aggregate out-of-state accounts with Vermont property.
- Identify "Negative Reports" by each state.
- Notify each reciprocal state of your intent to file an unclaimed property report through the state where located.

VOLUNTARY COMPLIANCE PROGRAM

Vermont requires every business entity to report unclaimed property annually to the state.

To encourage compliance with Vermont unclaimed property laws, the State Treasurer Office implemented [its Voluntary Compliance Program](#). Available to those holders unaware of their legal obligation to report – or that have failed to comply with the Vermont Unclaimed Property Law – the VCP enables them to report unclaimed property liabilities without assessment of any penalties and interest.

VCP Eligibility

Holders who meet the above requirements are eligible to file a Voluntary Compliance Agreement, except when the holder

- is currently under an Unclaimed Property examination;
- has been notified by the State Treasurer Office – or by a third party on behalf of the State Treasurer Office – of the intent to conduct an unclaimed property audit (includes all subsidiaries and related parties).

VCP Look-Back Period

Review books and records dating back 10 years; file a report encompassing those and all subsequent report years. When/if records are unavailable for the full 10-year period, use an extrapolation and statistical sampling methodology for the missing years. **NOTE:** Payment to the State of Vermont for all unclaimed property due for those years must accompany holder reports.

Records Unavailable for the Look-back Period

Lacking records does not relieve the obligation to report under VSA 27, Chapter 18. When data are unavailable to complete the full look-back period, use extrapolation and statistical sampling for those years. Provide the basis for the extrapolation as part of your report; however, you may be required to submit additional details after a state review of the report.

Vermont statutes mandate no specific formula for calculating estimates and performing extrapolations. One simple way to estimate – when the company or organization has remained the same size for the past 10 years – is to average the amount of unclaimed property for which records exist; apply that average to the years without records.

Contact your accountant for other extrapolation methods.

Vermont Unclaimed Property Reporting Manual

Program Duration

Under the VCP, holders are allowed six months to complete the book review, perform due diligence and file the report. The six-month period starts from the date the state Division of Unclaimed Property approves and signs the *Voluntary Compliance Agreement*.

Examination Provision

The State of Vermont reserves the right to audit a Holder issued a *Voluntary Compliance Agreement*. When the determination has been made that the property reported under a VCA is materially under-reported, interest and penalties on all unclaimed property due for all reporting years may be assessed pursuant to V.S.A. Chapter 18 of the Vermont Unclaimed Property Law.

VCP Participation

To [participate in the Voluntary Compliance Program](#), interested holders must request the Voluntary Compliance Agreement by postal mail, fax or email.

Vermont State Office of the Treasurer
Unclaimed Property Division

Montpelier, VT 05609-6200

4. The State of Vermont reserves the right to deny or void the Voluntary Compliance Agreement if a holder does not adhere to the Program policies and procedures.

Vermont Compliance Program Process

1. A "holder" (company, business, government agency or an association, organization, etc.) submits a request to participate in the Vermont Voluntary Compliance Program either through US Postal Service or e-mail (tre.upcompliance@vermont.gov) to the State of Vermont Office of the Treasurer, Unclaimed Property Division.

Vermont Unclaimed Property Reporting Manual

2. The Unclaimed Property Division reviews the request.
 3. The UPD confirms eligibility for holder participation in the Voluntary Compliance Program and sends the Voluntary Compliance Agreement and General Business Questionnaire to the designated authorized contact. (If eligibility is denied, a letter advising of such is mailed to the contact.)
 4. The contact ensures the agreement and questionnaire are completed then signed by an authorized officer, partner or another designated representative.
 5. Holder returns completed Agreement and General Business Questionnaire to the UPD.
 6. The UPD examines the agreement and business questionnaire.
 - a. If approved, the agreement is signed by an authorized representative of UPD.
 - b. UPD sends the special *VCA Unclaimed Property Annual Compliance Report Coversheet and Verification Checklist* containing the report due date at the top.
 7. The holder completes the requisite review of books, due diligence mailings and the unclaimed property report.
 8. Holder returns the report with the completed *VCA Unclaimed Property Annual Compliance Report Cover Sheet and Verification Checklist* by the indicated due date to avoid assessment of any penalties and interest.

- Return the original Voluntary Compliance Agreement signed by an agent along with the completed business questionnaire to the Vermont UPD.
- Note that the State of Vermont reserves the right to:
