LOG NAME: 12SPECIALEVENTSORD

SUBJECT:

Adopt an Ordinance Amending Chapter 20, "Licenses and Miscellaneous Business Regulations" of the Code of the City of Fort Worth, by Adding Article XII Entitled, "Outdoor Events," to Regulate the Conduct of Outdoor Events within the City

RECOMMENDATION:

It is recommended that the City Council adopt an ordinance amending Chapter 20, "Licenses and Miscellaneous Business Regulations" of the Code of the City of Fort Worth, by adding Article XII entitled, "Outdoor Events," to regulate the conduct of outdoor events within the City.

DISCUSSION:

The citizens of Fort Worth often engage in outdoor events, including festivals, parades, walks, races and runs, and neighborhood parties, on both private property and City-owned property. The City wants to encourage these events, recognizing that these activities enhance the Fort Worth lifestyle, promote strong neighborhoods, and provide benefits that are not normally provided as part of governmental services to citizens and visitors.

Under the City's current special events policy, outdoor events that involve the use of City streets are handled by the Transportation and Public Works Department; parades and procession permits are reviewed by the Police Department; and the Parks and Community Services Department issues permits for the use of the City's public parks. In April of 2009, the City Manager created a Special Events Advisory Committee to study the best practices of other cities and to make recommendations for incorporating the current special events policy into the City Code. The Committee was directed to develop an ordinance that provides a systematic and consistent approach to planning and permitting outdoor events.

Public hearings were held at the Fort Worth Botanic Gardens on October, 26, 2009, June 7, 2010 and June 21, 2010, to receive public comments. Staff also presented the draft ordinance and responded to questions and concerns at a League of Neighborhoods meeting on May 10, 2010. The draft ordinance was published on the City's web page and furnished by e-mail to registered neighborhood associations. Citizens were provided an opportunity to comment on the draft proposal during the months of April, May and June.

The intent of the outdoor event regulations is to provide a coordinated and comprehensive process for the regulation of outdoor events on public or private property in order to ensure the health and safety of the participants, spectators and attendees; provide the proper allocation and provision of essential public health and safety services; and provide enforcement tools to ensure that event holders adhere to the City's regulations. It is also the intent of the City Council to protect the rights of its citizens to engage in protected free speech expression activities with the least restrictive and reasonable time, place and manner regulations of those activities, while addressing the impacts upon public facilities and services and public health and safety.

The ordinance regulates outdoor activities with over five hundred attendees on public and private property; parades; events in parks and neighborhoods; and First Amendment events on City streets. The ordinance creates a City Events Calendar, an Events Calendar Committee and a Pre-Event Committee, establishes three Special Events Districts for unique areas in the City, and provides for notice to surrounding property owners of upcoming events, enforcement tools and an appeal process. Events held on City-owned property subject to a contract, lease or agreement; First Amendment Activity conducted entirely on sidewalks, in public parks or on private property; National Night Out events; and events conducted entirely on the property of a church, educational institution, college or university campus or on property containing an occupied private residence are exempt from the provisions of the ordinance. Regulations regarding neighborhood events and neighborhood parades are located in a separate division and neighborhood association representatives are not required to attend the Events Calendar Committee or Pre-Event Committee meetings.

If approved by the City Council, the ordinance would be effective on October 1, 2010.
